

**Complete Portfolio Slide Set --- Extra Credit**

**Last Revision: February 29, 2008**

**The icing on the cake: create and turn in a set of slides that you could use to present your results to an audience – of your classmates, lab group or at some other professional association.**

**This is a nice way for you to summarize the essence of what you have accomplished in this project.**

**About 10 or so slides should do the job nicely. You should be able to assemble these directly from your final report.**

**... And you get extra credit!**

**Congratulations on a JOB WELL DONE!!**

**Turn-in Instructions**

Turn in to: [macardin@mit.edu](mailto:macardin@mit.edu)

Subject line: Turn-in of Complete Application Portfolio– “your name”

Name your file: “last name – topic – complete.”
